

The **Etiquette Professionals**

"When Manners Matter"

Client Services

Education

Are your students prepared? Do they understand and follow the rules of proper business etiquette and protocol? Are they comfortable when asked to network in a group setting? Can they comfortably navigate a job interview?

Proper etiquette is more than just good manners.

The Etiquette Professionals offer cutting edge training designed to enhance your student's ability to compete in business when proper etiquette and manners are a must.

Etiquette training is not only preparing students for formal dinners; it's introductions, networking, holding doors, handshakes, making eye contact, body language, conversation, and so much more.

Our goal is to enhance your student's self-esteem and provide them with a feeling of confidence that will last a lifetime.

Our programs and workshops are designed to fit the individual needs of your organization. We will perform a complete needs assessment and design a plan to ensure that you receive the very best training based on your requirements.

We offer a variety of programs from "**Business Essentials**" and "**Dining with Confidence**" to "**Acing the Interview.**" Whether you are looking for a one-hour presentation or a half-day interactive workshop; we have what you need.

The Etiquette Professionals are prepared to meet and exceed your expectations. Contact us today for a needs assessment and consultation.

Your students will be glad you did!

Our Mission

Providing business skills and social graces necessary to succeed... When Manners Matter
